November 2006

## CVNLA Christmas Party

Mark your calendars now for this fun event to be held on Tuesday, December 12 from 6:30 to 9:00 p.m.! Since we had so many good comments regarding our party last year, we decided to have it again at the University of Richmond's Lora Robbin's Gallery. Look for more information in the mail and via email soon.

## November 14<sup>th</sup> - Speaker at Next Meeting

David E. Nagle of Jackson Lewis LLP will be speaking at our November meeting on the topic "How to Protect Your Business from Employment Lawsuits." David is a Richmond attorney who has provided advice and representation to employers for 25 years. He has done it all – employee handbooks, EEOC charges, responding to union organizing efforts, to arguing at the United States Supreme Court. Also, please note: the location for this meeting will be in the "Break-Out" Room in the Education Complex – the same place we held our September Meeting. The Café has another function that night. Hope to see you there!

## 2007 Short Course

Brochures are currently being mailed out for our 2007 Short Course that will be held in the Board of Supervisors Meeting Room in the Henrico County Western Government Center off of Parham (same location as last year). One big change this year is the dates that the course are a few weeks earlier. The Pesticide Applicator Recertification will be held on Wednesday, January 3. On Thursday, January 4 our morning session will highlight "Plant Materials" and our afternoon session will highlight "Innovative Products." Friday, January 5 the will feature "Survival in the Landscape." We have some really great speakers lined up that everyone should enjoy. Our pricing this year has changed also. It will cost \$20.00 per day and \$55.00 for all three days. Be sure and register to attend early to be sure and assure your space.

## Horticulture Classes at Reynolds

Attached to our emailed CVNLA newsletter is an *updated* listing of Spring 2007 Horticulture classes offered at J. Sargeant Reynolds Community College. They begin the week of January 8, 2007 and registration begins November 6 (online or reynet) and in person on November 27. To register online (or to look at course offerings if you get this newsletter in the mail) go to reynolds.edu or call 371-3308. If you have any questions contact David Seward at 523-5946 or dseward@reynolds.edu. For more information on the Spring 2007 class schedule go to: <http://www.jsr.vccs.edu/%5F5Fschedules/>

## Dinner Reservations for Our Meetings

Be sure and reserve your attendance for dinner at our meetings by the deadline given in each newsletter. We want to be sure to have enough food for everyone. Also, if you reserve your spot for dinner and don't show up, we are going to have to ask you to please send your \$19.00 for that dinner to Tom Thompson, our Treasurer. We have been "coming up short" lately when it comes to payment for our buffet set up at Lewis Ginter. It is not a money maker for CVNLA. Thanks for your cooperation and understanding.

## Certified Horticulturist Course

This year our VNLA course hosted by CVNLA will be held on Monday nights at the Henrico Co. Extension Offices starting on Monday, January 22 and ending on Monday, March 12 with the exam. The classes will be held from 6:30 p.m. until 9:30 p.m. each night except on exam night they will start at 6:00 p.m. and end at 10:00 p.m. One big difference this year is that NO WALK INS ARE ALLOWED! You must register in advance by Monday, January 8 to attend this course. There was much confusion last year and we hope that this new stipulation will help alleviate this. As in year's past, you register for the course with CVNLA and purchase the manual for the course and the application for the exam through VNLA. Deadline for the exam application is February 26. More information regarding this will be mailed to you soon and also emailed.

## Podcast Site for Spanish

Listed below is a link for 2-5 minute podcasts (31 currently) which contain Spanish/English translations of common nursery/landscape communication translation aids. You can listen to them online or download as MP3 files. They are produced by Barbara Kraft, Virginia Tech Foreign Languages based in the Horticulture Department.
